Deva Srirama Sai Ganesh Bandaru

About Me

Welcome to my portfolio! I am passionate about exploring new technologies and programming languages, and I also enjoy playing badminton in my free time. I am currently a pre-final year undergraduate student pursuing a B.Tech in Computer Science at JNTUK. Throughout my academic journey, I have gained a strong foundation in computer science principles, data structures, algorithms, and programming languages such as Python, Java, and JavaScript. I am particularly interested in Full Stack Development and Data Science, where I aim to leverage my skills in web development, data analysis, and machine learning to create innovative solutions and make meaningful contributions to the tech industry.

Skills

- Data Analysis
- Machine Learning
- Java, C++
- Front-end

Interests

1. Full Stack Development
2. Cloud Computing
3. Problem Solving and Algorithms

Projects

ToDo List App

A simple ToDo list web application created using HTML, CSS, and JavaScript. Includes features like adding tasks, marking as complete, and deleting tasks.
